EXECUTIVE SUMMARY

- **Learning Experience Architect (LXA)** with 10+ years of experience driving educational innovation across high-growth EdTech and international education consultancies.
- **Architected** end-to-end digital learning ecosystems, facilitating over **$10,000 in university merit scholarships** through data-driven assessment frameworks and adaptive IELTS/SAT curricula.
- **Engineered** scalable LMS architectures for **500+ digital assets**, reducing operational friction and content delivery lead times by **40%**.
- **Spearheaded** the development of high-fidelity **JS-integrated behavioral simulators**, enabling evidence-based tracking of complex learner decision-making metrics.

PROFESSIONAL EXPERIENCE

Academic Quality & Curriculum Architect **Sep 2023 - Jun 2025**
Universal Study Center (USC) *Ho Chi Minh City, Vietnam*

> *USC is an international education consultancy specializing in high-stakes test prep (IELTS/SAT/GRE) for high-performance learners entering global top-tier universities.*

- **Spearheaded** the digital transformation of high-stakes IELTS curricula, managing a cross-functional team of 4-6 educators to ensure 100% brand-architectural alignment.
- **Engineered** standardized assessment frameworks and interactive modules, achieving a **15% increase in high-band (7.5+) candidate attainment rates**.
- **Automated** placement and student tracking workflows, reducing manual diagnostic and processing lead times by **40%**.
- **Orchestrated** pedagogical strategy for merit-based candidates, facilitating over **$10,000+ in university scholarship funding**.
- **Synthesized** learner data from 100+ active candidates to inform curriculum architecture pivots and adaptive instructional execution.

Senior Instructional Designer & Content Architect **Nov 2021 - May 2023**
EngTalk Language Center *Ho Chi Minh City, Vietnam*

> *EngTalk is a digital-first EdTech platform focusing on professional communication and language training for corporate learners and high-potential professionals.*

- **Reported** to the Product Lead; independently **architected** a scalable **36-session hybrid syllabus framework** from conception to market-ready launch.
- **Led** the production of 200+ micro-learning assets, utilizing Articulate Rise 360 and custom JavaScript to enhance interactivity and retention metrics.
- **Developed** a centralized digital content hub via Notion and Moodle, reducing content retrieval time for instructors by **30%** and improving update turnaround.
- **Engineered** digital-first engagement strategies across TikTok and Notion Hubs, increasing organic learner reach through high-utility instructional assets.
- **Collaborated** with business units to align curriculum goals with a **20% improvement in customer retention targets** through evidence-based learning design.

Senior Instructional Designer & Product Lead **Mar 2021 - Oct 2021**
VietAccepted *Ho Chi Minh City, Vietnam*

> *VietAccepted is a premier training hub for GMAT/GRE and English certifications for high-potential professionals in Vietnam.*

- **Orchestrated** the production of brand-consistent instructional assets and visual learning modules for 1,000+ adult learners across multiple digital channels.
- **Conducted** regular formative assessments using standardized examiner-style marking for high-stakes speaking and writing modules.
- **Standardized** instructional design workflows by implementing quality control templates, reducing cross-departmental content friction by **20%**.
- **Influenced** product direction by analyzing learner feedback loops, leading to a UI/UX update for the student portal.
- **Consolidated** a centralized repository of 1,000+ reusable instructional assets, ensuring brand consistency across rapid-launch marketing and academic campaigns.

LMS Architect & Experience Designer **Jul 2019 - Oct 2020**

Vietop English Center *Ho Chi Minh City, Vietnam*

> *Vietop is an English training center specializing in standardized test preparation with a strong focus on personalized learning paths and data-driven progress.*

- **Reported** to the LMS Lead; **digitized** over **500 paper-based assets** into a modular Moodle ecosystem, enabling center-wide data tracking.
- **Optimized** LMS navigation and UX flow, reducing learner bounce rates on self-paced modules.
- **Engineered** automated grading rubrics for IELTS Writing, providing instant feedback loops for high-enrollment cohorts and reducing teacher workload by **15 hours/week**.
- **Resolved** critical LMS scaling issues by restructuring the course taxonomy to support a 50% growth in monthly active users during peak enrollment cycles.
- **Developed** mobile-first learning interactions in Moodle, increasing student participation in "off-site" training sessions and mobile-based micro-quizzes.

Senior Instructional Designer & Curriculum Lead **Sep 2017 - Jun 2019**

ZIM Academy *Ho Chi Minh City, Vietnam*

> *ZIM is an academic institution providing intensive English preparation and personalized educational consulting for international certification candidates.*

- **Managed** trainer induction and instructional audits for **6+ new teachers** during a period of rapid center-wide expansion.
- **Implemented** systematic classroom observation cycles and feedback loops, improving instructional consistency across 4+ branches.
- **Standardized** the IELTS Writing curriculum for the "High Performance" track, contributing to a **10% increase** in Band 7.0+ attainment within 6 months.
- **Facilitated** a teacher-training community of practice, reducing turnover among new hires by providing rapid pedagogical support and resource sharing.
- **Authored** 10+ comprehensive teacher guides and student workbooks, ensuring 100% adherence to signature pedagogical methodologies.

PORTFOLIO PROJECTS

- **The Deadline Crisis Simulator (Storyline 360):** Advanced branching simulation with custom **JavaScript data bridge** to Google Sheets API for real-time tracking.
- **Universal LMS Scalability (Moodle LMS):** End-to-end automated LMS architecture with complex activity gating, mastery-based feedback, and adaptive paths.
- **Modern Employee Onboarding (Rise 360):** Aesthetic technical onboarding case study highlighting agile deployment and mobile-first UX principles.

EDUCATION & CERTIFICATIONS

Ho Chi Minh City Open University, *B.A. English* (2019-23) | **Hoa Sen University**, *B.S. IT* (2010-16)

Certifications: IELTS Teacher Training (IDP & BC) | TESOL | Cambridge Teaching English Online

SKILLS & TECH

SKILLS: Instructional Design, Learning Experience Design (LXD), Curriculum Development, Adaptive Learning, Behavioral Psychology.

TECH: JavaScript (ES6), Moodle LMS (Admin), Articulate Storyline/Rise (Advanced JS), Canvas, GenAI Automation (Make.com/Zapier).
