EXECUTIVE SUMMARY

- **Learning Experience Designer (LXD)** with 10+ years of expertise in crafting human-centric learning journeys and evidence-based educational strategies for high-performance learners.
- **Secured $10,000 in university merit scholarships** for learners by designing high-stakes assessment frameworks and adaptive, data-driven learning paths.
- **Delivered 50,000+ lines of data-driven feedback** for 700+ adult learners, optimizing user retention and instructional quality through personalized interaction.
- **Pioneered** the use of **Behavioral Simulators** with real-time tracking to improve learner decision-making and engagement in high-stakes environment simulators.

PROFESSIONAL EXPERIENCE

Academic Quality & Experience Architect **Sep 2023 - Jun 2025**
Universal Study Center (USC) *Ho Chi Minh City, Vietnam*

> *USC is an international education consultancy specializing in standardized test prep (IELTS/SAT/GRE) for high-performance learners entering global top-tier universities.*

- **Spearheaded** the digital transformation of high-stakes IELTS curricula, managing a cross-functional team of 4-6 educators to ensure 100% brand-architectural alignment.
- **Engineered** standardized assessment frameworks and interactive modules, achieving a **15% increase in high-band (7.5+) candidate attainment rates**.
- **Automated** placement and student tracking workflows, reducing manual diagnostic and processing lead times by **40%**.
- **Orchestrated** pedagogical strategy for merit-based candidates, facilitating over **$10,000+ in university scholarship funding**.
- **Synthesized** learner data from 100+ active candidates to inform curriculum architecture pivots and adaptive instructional execution.

Senior LXD & Content Architect **Nov 2021 - May 2023**
EngTalk Language Center *Ho Chi Minh City, Vietnam*

> *EngTalk is a digital-first EdTech platform focusing on professional communication and language training for corporate learners.*

- **Architected** the center's identity-driven content strategy, prioritizing learner engagement and real-world application of communication skills.
- **Designed** high-fidelity interactive modules with Articulate Rise 360, focusing on learner persona-specific journey mapping.
- **Implemented** a mobile-first learner experience via custom Moodle interactions, increasing accessibility for full-time professional students.
- **Orchestrated** the transition to a centralized digital hub, reducing user navigation friction and increasing daily active user engagement by **25%**.
- **Mapped** learner journeys for corporate cohorts, ensuring instructional content resolved specific professional communication bottlenecks.

Senior ID & Product Lead **Mar 2021 - Oct 2021**
VietAccepted *Ho Chi Minh City, Vietnam*

> *VietAccepted is a premier training hub for GMAT/GRE and English certifications for high-potential professionals.*

- **Designed** brand-consistent instructional ecosystems with highly visual learner assets, serving a diverse student base of 1,000+ professionals.
- **Applied** behavioral psychology principles to curriculum design, resulting in higher retention of complex quantitative and verbal concepts.
- **Conducted** usability testing on digital study modules, leading to structural updates that improved student self-paced learning efficiency.
- **Standardized** feedback mechanisms for speaking/writing assessments, ensuring learners received high-grit, actionable pedagogical input.

LMS Architect & Experience Designer **Jul 2019 - Oct 2020**

Vietop English Center *Ho Chi Minh City, Vietnam*

> *Vietop is an English training center specializing in standardized test preparation with a focus on personalized learning paths.*

- **Transformed** 500+ static assets into an interactive, learner-centric Moodle environment with automated feedback loops and progress gating.
- **Mapped** the end-to-end student journey from diagnostic to post-exam, identifying and resolving friction points in the digital learning experience.
- **Engineered** automated grading rubrics that provided instant, actionable feedback, significantly improving the learner's sense of progress.
- **Optimized** UX for mobile learners, increasing activity completion rates on self-paced modules.

Senior ID & Curriculum Lead **Sep 2017 - Jun 2019**

ZIM Academy *Ho Chi Minh City, Vietnam*

> *ZIM is an academic institution providing intensive English preparation and personalized educational consulting.*

- **Orchestrated** trainer induction and classroom observations to ensure 100% consistency in the learner experience across 4+ campuses.
- **Standardized** instructional feedback cycles, ensuring students received measurable, high-utility guidance on their writing performance.
- **Developed** student workbooks focusing on active-recall and cognitive load management to improve test-day performance in IELTS cohorts.
- **Led** curriculum audits to ensure instructional clarity and persona-alignment across all academic publications.

PORTFOLIO PROJECTS

- **The Deadline Crisis Simulator (Storyline 360):** Advanced branching simulation with custom **JavaScript data bridge** to Google Sheets API for real-time tracking.
- **Universal LMS Scalability (Moodle LMS):** End-to-end automated LMS architecture with complex activity gating, mastery-based feedback, and adaptive paths.
- **Modern Employee Onboarding (Rise 360):** Aesthetic technical onboarding case study highlighting agile deployment and mobile-first UX principles.

EDUCATION & CERTIFICATIONS

Ho Chi Minh City Open University, *B.A. English* (2019-23) | **Hoa Sen University**, *B.S. IT* (2010-16)

Certifications: IELTS Teacher Training (IDP & BC) | TESOL | Cambridge Teaching English Online

SKILLS & TECH

SKILLS: Learning Experience Design (LXD), Learner Persona Design, Journey Mapping, Behavioral Psychology, UX for Learning, Data-Driven Feedback.

TECH: JavaScript (ES6), Moodle LMS (Admin), Articulate Storyline/Rise (Advanced JS), Canvas, GenAI Automation (Make.com/Zapier).
